T & S Klose Trophy 700 Yards (inc. Stage 5 Light Aggregate). 27th April. A small but committed field of 14 competitors toughed out unexpectedly difficult conditions vying for the T & S Klose Trophy. Good light and cool conditions lulled most into an expectation of sub handicap results, but it was not to be. The right wind was variable with quick rises and drops, catching out many at the clubrooms mound. The Club's most senior and experienced member showed that paying attention to changing conditions will usually lead to satisfactory results. Well done David Lindner. Next week; 900 yards. Reminder AGM this Friday 7.00 pm.
