Saturday the 27th July held surprises for the 19 members that attended as it was the first time that the Club has used an electronic target in its weekly competition and it performed flawlessly. Additional tablets were provided so that every member had the ability to either watch and ask questions or take control and participate in recording the shooters results. It firmly established that there are definite benefits as shooters did not have to wait for the target to be manually marked and the results of their shots were available to them within seconds. The conditions on the day were mild and good scores were posted at the 300 yard range with a double possible from Craig George, and possibles from Les Williams, Barry Kalleske and Peter Larsen. Craig George took the 1st Stage of the D Clarke Trophy. Next week is the E Kanik Trophy to be shot at 500 yards with the competition to start at 12.30 pm so be early and help with the range preparation.

promoting the sport of long distance rifle shooting
