The Gawler Fishing and Outdoors Trophy was shot at 900 yards and 13 members attended to compete in the event. The heavy mirage and the blustery wind conditions made for a tough day of competition however some were favoured with short periods of "Purple Patches" which saw some good results achieved. The last shooters were not so fortunate. However, one champion emerged as the handicap Trophy winner for the day and that was Lindsay Mullins who only used 80% of his handicap: perhaps a purple patch shooter? Next week: competition is the Westlake Vineyards Trophy and will be shot at 300 yards. If all our past planning has been successful next week's trophy will be shot on our new electronic targets, so please, endeavour to attend and try out the results of all the hard work. DC.
