Smithson S	33.00	34.00	Ret	NA	NA	NA	NA

Fifteen healthy and intrepid members attended to compete for the M Shemmeld Trophy which was shot over three ranges (300, 500 and 600 yards) in conditions that tended to improve as the day progressed. However, the T/R shooters found the 300 yard range difficult and that the larger target frame tended to white out the aiming mark making it more obscure and hard to determine its boundaries. Again, the electronic target performed as expected with members eager to increase their operating skills. But the end of the day saw the Handicap Trophy going to John Scobie who only used 76.19% of his handicap. Top scores off-rifle: TR: John Hoerisch, 98.04: F/Std: Chris Papageorgiou, 122.07, F Open: Peter Larsen, 123.06 and FT/R to Graham Davies, 106.02. Snipers: TR: Dave Clarke, 29.01, F/Std: Peter Dayman, F/Open: Trevor Otto, 34.02 and FT/R: Graham Davies, 22.00. We also had a visitor from Balaklava Rifle Club, Peter Collins who also posted a good score. Next week's competition is The Ziersch Custom Rifle Trophy, Stage 2 and will be shot over 800 yards, so please be early and assist with the targets and the setting of the flags. DC.
