Kapunda Rifle Club's event today's was the Hanson Trophy and shot from a distance of 600 yards. Light but variable conditions saw subtle changes in the wind that proved, for some, to be difficult to manage. Others revelled in the conditions and posted good scores. The electronic targets, one again performed faultlessly with members becoming more adapt with their operation. The Handicap trophy winner for the day was John Hoerisch who posted 99.10 which included one possible only using 17.3% of his handicap, and he also went on to win top off rifle in T/R: 99.10 and also the T/R sniper: 18.1. Next week's competition will see the commencement of the 2020/21 shooting season and will be the S Aherns Trophy plus Light River Aggregate (I) to be shot from the 300 yard mound. Please make an effort to be early to help with range setup.
